

PRIVACY STATEMENT

— August 2020 —

HALIN bags respects your privacy, and therefore ensures that your personal details remain confidential. When you shop at HALIN bags, we may access information about your usage of our website so that we can develop and improve further. Our privacy policy below explains what information is collected, how it is collected and what it is used for.

Personal details and data processing

In order to provide personalized service, HALIN bags requires certain information from you. Once you place an order with HALIN bags, you fill in your delivery and chosen payment method, along with an order form (the final form in the order process, with the item description and billing address). The details marked with (*) are compulsory and are required for the processing of your order. HALIN bags processes three types of personal details: identity, payment and online trafficking details.

Personal Details

These are the details you fill in on the order form:

Name
Address
Postcode
City
Email address
Phone number
Date of birth

These personal details are used by HALIN bags to process your order, and to ensure it is sent to you as quickly and carefully as possible. Your phone number will come in handy if we have any queries about your order, but you don't have to fill it in.

Payment Details

HALIN bags registers your payment details to ensure that the payment has been completed successfully. We therefore only register your payment method (credit card, PayPal, iDEAL, Apple Pay). Bank details are not saved and every payment is protected.

Online Trafficking Details

Online trafficking is your online behavior, how you navigate through the website and the installation of a cookie on your computer. A Cookie is a small data file that is stored by your Web browser on your computer. We use Cookies to keep track of your current shopping session, to enable you to proceed to checkout at any time and to personalize your online experience. Trafficking details enable HALIN bags to analyze visitors' search behavior, how the search engine is used, which pages are visited and which items are ordered, so that HALIN bags can optimize the user friendliness, functionality and content of the website.

Goals

HALIN bags primarily uses your personal details to process your order. These details may also be used to help optimize the website and to send you commercial information or appropriate offers, however this will only happen if you have given your permission.

Amendments

If HALIN bags amends this policy, we will notify you by updating the statement on this page.
